## PROJECTS

---

### CUSTOMMYTEES.COM

- updated website to make sure it appealing and top of the line using up to date design software

- Created a seamless system that would automatically show the current stock of apparel from our wholesale manufacture
- Used Existing software to implement a custom t-shirt design application where the customer could design a T-shirt and then our company would get the seamless PNG file to be able to use to print the shirts.

#### **LAKSHAYSHARMA.XYZ**

- Personal portfolio website
- Able to be used on any size screen

#### **VINYLWAREHOUSENY.COM**

- Sub business for Custommytees.com where I helped them create a seamless wholesale website
- Created with the idea of being a wholesalers perfect website for iron-on vinyl
- Automatically kept track of inventory and specific colors, over 40 types
